LUMINA FR DWR M

Composition: PL 79% - EA 21%

Weight: 200 gr/mq

Width: 150 cm

Roll Length: 65 mt

Details:
Next-generation flame-retardant stretch fabric designed for workwear. The fabric combines flame-retardant polyester yarn with elastane to deliver flame-retardant perfomance without sacrificing freedom of movement, comfort and fit. Its fluorine-free water-repellent finish provides resistance to spills and stains. Built for long-lasting performance, the fabric also offers excellent pilling resistance and outstanding durability, maintaining its functionality through repeated use and laundering.

End Use:
Base Layer // Bonding //

Applications:
Industrial // Workwear //

Applicable treatments upon request:
Fresh and Anti-Odour, High Wicking
